

BORSALINO, UN'ESPRESSIONE DEL MADE IN ITALY. NATO ANCORA PRIMA DELL'ITALIA.

Siamo nati nel 1857 creando gli accessori che più segnavano lo stile di chi li indossava: i cappelli. Da allora la passione per la qualità e per i dettagli non ci ha più lasciato. Abbiamo superato le epoche, i confini, le mode e abbiamo continuato per la nostra strada. I nostri cappelli sono stati indossati dal bel mondo, in tutto il mondo. Dal 2010 Borsalino ha ampliato il proprio universo: ai cappelli, agli abiti, agli orologi e ai profumi si è unita una straordinaria linea di occhiali da vista e da sole. Giusto il dettaglio che mancava.

BORSALINO, AN EXPRESSION OF MADE IN ITALY. ESTABLISHED BEFORE ITALY ITSELF.

We started up in 1857, creating an accessory that truly embodied the style of the wearer: the hat. From then on, our passion for quality and detail has never wavered. We survived the passing of time, overcome boundaries, kept abreast of fashion and continued along our path. Yesterday, our hats were worn by the worldwide jet set. Since 2010, Borsalino has been integrating its range of hats, clothes, watches and perfumes with a stunning eyewear line: the only detail that was missing.

Borsalino
eyewear

OCCHIALI BORSALINO. ACCESSORIO, MA INDISPENSABILE.

La storia di Borsalino non permette distrazioni: tutto deve essere progettato e realizzato secondo gli standard più elevati a cui si può approdare. E se la qualità Borsalino è un'abitudine per chi frequenta questa casa ancora di più lo deve essere per l'ultima creazione: gli occhiali. Prodotti esclusivamente in Italia, con componenti solo italiane, ma ovviamente per il pubblico di tutto il mondo. Numerosi sono i dettagli che garantiscono all'acquirente Borsalino l'autenticità e l'esclusività del prodotto indossato. Come per un multiplo d'autore, gli occhiali Borsalino sono numerati uno ad uno tramite incisione sull'interno dell'asta. L'intera produzione prevede un'attenta cura fin dai più piccoli particolari: variazioni cromatiche uniche, cerniere integrate, aste flex sono soltanto alcuni dei molteplici fattori che ne confermano l'elevata qualità.

Se la qualità Borsalino è un'abitudine per chi frequenta questa casa ancora di più lo deve essere per l'ultima creazione: gli occhiali, prodotti esclusivamente in Italia, con componenti solo italiane, ma ovviamente per il pubblico di tutto il mondo.

BORSALINO EYEWEAR. AN ACCESSORY YOU CAN'T DO WITHOUT.

Borsalino tradition means no detail will be overlooked: everything must be designed and manufactured to the highest possible standards. If Borsalino quality is a certainty for regulars to the company, there is even more reason for it to be the underpinning to the latest creation: eyewear. Manufacture is limited to Italy and uses only Italian components, but distribution, of course, is to customers worldwide. Many details ensure a Borsalino's buyer to piece's authenticity and exclusiveness. Like any limited edition, Borsalino eyeglasses are all numbered through an engraving inside the temple. The entire manufacture carefully works on every single element: the unique chromatic versions, the integrated spring hinge are just a few of the several factors confirming the highest quality.

Borsalino quality is a certainty for regulars to the company, there is even more reason for it to be the underpinning to the latest creation: eyewear, manufacture is limited to Italy and uses only Italian components, but distribution, of course, is to customers worldwide.

TR90

Materiale innovativo nel mondo dell'ottica, occhiali leggeri, comodi e anallergici. Il materiale ultra leggero utilizzato per la realizzazione di questa collezione è memoflex (plastica utilizzata anche nell'industria aeronautica).

Il peso di una montatura è ridotto di circa il 70% rispetto ad una tradizionale montatura in celluloido (approssimativamente 8 grammi). Gli occhiali TR90 Borsalino hanno un particolare musetto, industrializzato esclusivamente per la collezione.

TR90

An innovative material in the optical business, light weight, comfortable and nonallergic eyeglasses. The ultralight material used to create this collection is memoryflex (this kind of plastic is used in the aviation industry).

The frame's weight is reduced of 70% than a regular celluloid eyewear (approximately 8 grams). Borsalino TR90 collection has a particular end-piece, industrialized exclusively for this collection.

EDIZIONE LIMITATA IN CORNO LIMITED EDITION: HORN FRAMES

Edizione limitata *Panama*: occhiali in corno

L'occhiale in corno Borsalino Eyewear è il risultato di una lunga e impegnativa lavorazione del corno di bufalo indiano ed è prodotto in edizione limitata in soli **200 esemplari**.

L'irregolarità nel disegno e la molteplice quantità di sfumature - dal nero striato al miele - ne garantiscono l'assoluta unicità: ogni singolo occhiale è realizzato a mano con estrema cura ed è numerato univocamente tramite incisione laser. Il terminale animato in acetato consente inoltre una perfetta adattabilità dell'asta.

L'occhiale è consegnato in un'elegante custodia in alcantara racchiusa in un raffinato bauletto in pelle. Al suo interno, l'immagine della corona, simbolo storico per la *Maison Borsalino* e una targhetta in ottone laminato oro che riporta il numero di serie dell'occhiale. Ogni *packaging* è dotato di un libretto di istruzioni per il montaggio delle lenti, la cura dell'occhiale e la garanzia della Casa.

Limited edition *Panama*: Buffalo horn frames

This unique edition is the result of a long and hard processing of the Indian buffalo horns and is produced only in **200 specimens**. The small differences among all samples and the large quantity of shades - from black to honey - represent the true guarantee of owning a unique and personal product: each single part is carefully hand made by a highly skilled labour and all horn glasses are numbered by a special laser engraving. Moreover, the endings in animated acetate give an easiest bar regulation.

The glasses are protected by an elegant alcantara case inside an exclusive leather box with the crown pattern inside - one of the historical *Borsalino icons* -. Glasses serial number is also engraved on the elegant little gold-plated brass within the box. Each *packaging* includes an instruction book with some directions about glazing of full rim frames, how to take care of your horn glasses and Borsalino Guarantee.

BRANDS O.I.

Brands O.I. progetta, realizza e distribuisce occhiali nel segmento più alto del mercato e nasce dall'esperienza e dalla visione di un gruppo di professionisti del settore. L'intero ciclo di produzione, dal disegno al confezionamento, avviene in Italia e, caso più unico che raro, ogni singolo occhiale viene numerato consentendo così di tracciarne perfettamente la sua storia: dall'inizio della lavorazione alla consegna al fortunato che li indosserà. Ogni occhiale viene realizzato con le macchine più evolute, ma viene sempre rifinito rigorosamente a mano. Ogni dettaglio, ogni superficie e, ancor di più, ogni lente, viene costantemente sottoposta a test e verifiche con il costante obiettivo di consegnare sempre un prodotto oggettivamente superiore.

BRANDS O.I.

Brands O.I. designs, manufactures and distributes high-end Eyewear. It was founded by industry professionals with an extensive experience and vision in the optical field. The entire production cycle, from design to manufacture, takes place in Italy. The most striking aspect is the numbering of each pair to guarantee total traceability; from the production beginnings to the moment the lucky wearer receives his glasses. All eyewear is made using state-of-the-art machinery but all the components are hand finished. Finally, every detail, every surface and – above all – every lens undergo regular tests and inspections always to deliver a unique product, objectively superior.
